Chapter 4: Using Technology to Teach Oral Communication Skills

Project Team + Hyperlink

TASK 2

Take an abstract concept such as love, or freedom, or courage (or any other) and search for a video file on the Internet, which you feel accurately portrays the concept that you have chosen. In the space below, write down two more questions (The first question is already written for you.) for your classmates, which are related to your video. Please note that these must be questions that can be easily answered after one or two viewings in class. This document will be handed out in class by you to your peers.

Make sure that you retain your hyperlink and print five copies of this document for class.

Question 1: What abstract concept does this video represent?

Answer

Question 2: _____

Answer

Question 3: _____

Answer

Student Names & ID (Project Team)

_____ & _____
_____ & _____
_____ & _____
